

ARTICLE 7.0 NONCONFORMITIES

Section 7.01 Intent.

Certain single-family dwellings, lots of record, land uses, structures, and sites may exist within districts established by this Ordinance or amendments thereto which were lawful before this Ordinance was adopted or amended, but which would be prohibited, regulated, or restricted under the terms of this Ordinance and its amendments. Such nonconformities are hereby declared to be incompatible with permitted uses in the districts. This Article establishes specific standards and procedures for determining whether a land use is nonconforming or unlawful, and for determining whether a nonconforming use has ceased to occupy a particular site.

It is the intent of this Ordinance to permit such nonconformities to remain until they are discontinued or removed, but not to encourage their survival. Such nonconformities shall not be used as grounds for adding other structures or uses prohibited elsewhere in the same district. Nonconformities shall not be enlarged upon, expanded or extended, except under limited conditions as established by this Article.

A. Classification of Nonconformities.

Nonconformities shall be classified in one of the following categories:

1. Nonconforming single-family detached dwellings (Section 7.04);
2. Nonconforming lots of record (Section 7.05);
3. Nonconforming uses (Section 7.06);
4. Nonconforming structures (Section 7.07); and
5. Nonconforming sites (Section 7.08).

B. Establishment of Nonconformities.

To be considered a nonconformity under this Ordinance, the lot, use, site or structure must have been in compliance with the zoning requirements which were lawful when it was established, but must be, except for the provisions of this Article, prohibited, regulated, or restricted by the enactment of this Ordinance or subsequent amendments thereto. Nonconformities shall be established by one (1) of the following methods:

1. The nonconformity shall have been a legal nonconformity under the former zoning ordinance and continue to be designated as nonconforming under the provisions of this Ordinance or subsequent amendments thereto;
2. The nonconformity shall have been a legal conformity under the former zoning ordinance and made nonconforming by the provisions of this Ordinance or subsequent amendments thereto; or
3. The nonconformity shall have been created by a lawful public taking or actions pursuant to a court order having the same effect as a violation of this Ordinance.

Section 7.02 Nonconforming Use Determinations.

This Section is intended to provide reasonable standards for determining whether a use is nonconforming, and whether a nonconforming use has been removed, discontinued or otherwise ceased to occupy the land or structure in question. The Zoning Administrator shall be responsible for determining whether a use is conforming, nonconforming or unlawful in the zoning district where it is located, after consultation with the Township Planner. When there is a question or dispute about the status of a particular use, such determinations shall be made by the Zoning Board of Appeals, subject to the following:

A. Standards for Determining that a Use is Nonconforming.

When there is a question or dispute about the status of a particular use, the Zoning Board of Appeals shall determine that a use is nonconforming upon finding that the following three (3) statements are true:

1. **The use does not conform to the purpose and use regulations of the district where it is located.**
2. **The use is in compliance with all other applicable federal, state, and local laws, ordinances, regulations and codes.**
3. **Evidence from a minimum of three (3) of the following sources demonstrates that the use was lawfully established prior to the effective date of adoption or amendment of this Ordinance:**
 - a. Local, county or state government files or records, including but not limited to permits, inspection reports, dated photographs or notarized statements of government officials, agents, representatives or employees.
 - b. Dated telephone directories, or similar dated records that provide information about the occupants or uses located on a street by address or lot number.
 - c. Utility records, including but not limited to providers of water, sewer, electric, natural gas or telecommunications service.
 - d. Dated advertising or other information published in a newspaper or magazine including but not limited to advertisements, articles, features or photographs that address the use of the land in question.
 - e. Dated aerial photos from the State of Michigan, Washtenaw County or other sources accepted by the Zoning Board of Appeals.
 - f. Other relevant information, including but not limited to date-stamped photographs, diary or log entries, affidavits or notarized statements.

B. Standards for Determining that a Nonconforming Use has Ceased.

When there is a question or dispute about the status of a particular use, the Zoning Board of Appeals shall determine that a nonconforming use has been removed, discontinued or otherwise ceased to occupy the land or structure in question upon finding that a minimum of three (3) of the following six (6) statements are true:

1. **Local, county or state government files or records show that the nonconforming use has ceased.** Such evidence may include, but shall not be limited to permits, inspection reports, dated photographs or notarized statements of government officials, agents, representatives or employees.
2. **Dated telephone directories or similar dated records that provide information about the occupants or uses located on a street by address or lot number show that the nonconforming use has ceased.** Such evidence may include, but shall not be limited to entries showing the address associated with the use as vacant or occupied by another use, or showing the telephone number associated with the use as disconnected or in use at another location.
3. **Utility records, including, but not limited to providers of water, sewer, electric, natural gas or telecommunications service, show that the nonconforming use has ceased.** Such evidence may include, but shall not be limited to records indicating that the address of the use is vacant or occupied by another use, the utility service associated with the use has been disconnected or the business, organization or individual associated with the use has moved to another location.
4. **Dated advertising or other information published in a newspaper or magazine show that the nonconforming use has ceased.** Such evidence may include, but shall not be limited to advertisements, articles, features or photographs that address the use of the land in question.
5. **Dated aerial photos from State of Michigan, Washtenaw County or other sources as accepted by the Zoning Board of Appeals show that the nonconforming use has ceased.**
6. **Other relevant information shows that the nonconforming use has ceased.** Such evidence may include, but shall not be limited to date-stamped photographs, diary or log entries, affidavits or notarized statements.

Section 7.03 Unlawful Uses.

Any use that is not a conforming use in the district where it is located, or determined to be a nonconforming use, shall be considered an unlawful use established in violation of this Ordinance.

Section 7.04 Nonconforming Single-Family Detached Dwellings.

It is the intent of this Section to regulate the alteration and reconstruction of nonconforming single-family detached dwellings and customary accessory structures consistent with the intent and purposes of this Article and Ordinance, and in a manner that avoids unnecessary hardship for homeowners seeking mortgage financing or homeowner's insurance coverage for a nonconforming dwelling. Accordingly, the provisions of Section 7.06 (Nonconforming Uses) and Section 7.07 (Nonconforming Structures) shall not apply to such nonconforming dwellings and accessory structures as regulated under this Section.

Nonconforming single-family detached dwellings and customary accessory structures may be used, repaired, expanded, altered, or replaced if destroyed, subject to the following:

A. Dwelling as a Nonconforming Use.

An existing, lawfully established single-family dwelling and customary accessory structures located in a non-residential zoning district may be repaired, altered, or replaced if destroyed, provided that:

1. Such work shall conform to all applicable standards of this Ordinance as if the lot and use were located in the residential zoning district most similar in terms of the minimum lot width and area requirements to the size of the subject lot.
2. The use, dwelling, and accessory structures shall be maintained in conformance with all other applicable federal, state, and local laws, ordinances, and rules.

B. Dwelling as a Nonconforming Structure.

Where an existing, lawfully established single-family dwelling or customary accessory structure is a nonconforming structure with respect to the requirements of this Ordinance that apply to such structures, the following standards shall apply:

1. Structural alterations to a nonconforming single-family dwelling or customary accessory structure that decrease or do not affect the degree of nonconformity shall be permitted. Such structures may be expanded, provided that:
 - a. The addition shall conform to the dimensional standards and other requirements of the zoning district in which it is located.
 - b. With the alteration, all structures on the lot shall not exceed the maximum lot coverage for the district in which the lot is located.
2. All repairs and maintenance shall conform to the State Construction Code and all other applicable code requirements. A damaged structure shall be adequately secured, and shall be protected against further damage from the elements.
3. A nonconforming single-family dwelling and customary accessory structures may be reconstructed or replaced if destroyed, provided that:
 - a. Any replacement structure shall conform to the dimensional standards of the zoning district where it is located, except where, in the determination of the Zoning Administrator, existing site conditions would prevent reasonable conformance. In such cases, the dwelling or customary accessory structure may be reconstructed on the existing location.
 - b. Application for a building permit for reconstruction or replacement of a destroyed structure shall be made within 365 calendar days of the date of such damage, and all work shall be completed within the building permit approval period. Where pending insurance claims require an extension of time, the Zoning Administrator may grant one (1) extension of up to 365 calendar days, provided that the property owner submits a certification from the insurance company attesting to the delay.
 - c. A nonconforming structure moved within a lot or to another lot shall thereafter conform to the regulations of the district in which it is located.

4. If a nonconforming dwelling or customary accessory structure becomes physically unsafe or unlawful due to a lack of repairs or unsecured exposure to the elements, or is declared to be unsafe or unlawful by reason of physical condition under the State Construction Code or applicable fire or property maintenance codes, it shall not thereafter be restored, repaired or rebuilt except in conformity with all Ordinance requirements.

Section 7.05 Nonconforming Lots.

A permitted principal structure and uses and customary accessory structures and uses may be erected or placed on any single, legally-established lot of record at the effective date of adoption or amendment of this Ordinance. Such lot must be in separate ownership and not of continuous frontage with other lots in the same ownership. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are applicable in the district, provided that yard dimensions and requirements other than these applying to area or width or both of the lot shall conform to the regulations for the district in which such lot is located. Variances to the yard requirements of this Ordinance shall be obtained only through action of the Zoning Board of Appeals.

If two or more lots or combination of lots and portions of lots, which are continuous and in single ownership, are of record at the time of adoption or amendment of this Ordinance, and if all or part of the lots do not meet the requirements established for lot width and area, the land area involved shall be considered to be an undivided zoning lot for the purposes of this Ordinance. No portion of the zoning lot shall be used or sold in a manner that diminishes compliance with lot width and area requirements established by this Ordinance, nor shall any division of the zoning lot be made that creates a lot with width or area less than the minimum requirements stated in this Ordinance.

Section 7.06 Nonconforming Uses.

Single-family detached dwellings that are a nonconforming use in the zoning district shall be subject to the standards of Section 7.04 (Nonconforming Single-Family Detached Dwellings). All other nonconforming uses shall be allowed to continue after the effective date of this Ordinance or amendments thereto, subject to the following:

A. Cessation.

A nonconforming use that ceases for a period of more than 365 calendar days or is superseded by a conforming use shall not be resumed. If a structure associated with a nonconforming use is removed, or damaged by any means to an extent that the repair cost exceeds the state equalized value of the property, the nonconformity shall be deemed removed. All subsequent uses shall conform to all Ordinance requirements. Section 7.02B (Standards for Determining that a Nonconforming Use has Ceased) shall apply when there is a question or dispute about the status of a particular use.

B. Compliance with Other Applicable Standards.

Nonconforming uses shall be maintained in compliance with all applicable federal, state, and local laws, ordinances, regulations and codes, other than the specific use regulations for the zoning district where the use is located.

1. The owner, operator or person having beneficial use of land or structures occupied by a nonconforming use shall be responsible for demonstrating compliance with this requirement.
2. Failure to do so, or failure to bring the use into compliance with current laws, ordinances, regulations and codes within 180 days of their effective date, shall constitute grounds for the Township to seek court approval to terminate or remove the use at the owner's expense.

C. Expansion or Substitution of a Nonconforming Use.

See Section 7.10 (Expansion and Substitution).

Section 7.07 Nonconforming Structures.

Single-family detached dwellings that are a nonconforming structure in the zoning district shall be subject to the standards of Section 7.04 (Nonconforming Single-Family Detached Dwellings). All other nonconforming structures shall be allowed to continue after the effective date of this Ordinance or amendments thereto, subject to the following conditions:

A. Expansion Restricted.

A nonconforming structure may be altered in a manner that does not increase or intensify its nonconformity. Alterations to a nonconforming structure that would increase or intensify a nonconformity shall be subject to the requirements of Section 7.10 (Expansion and Substitution).

B. Normal Repairs and Maintenance.

Normal repair, maintenance or replacement of interior non-bearing walls, fixtures, wiring, plumbing or heating and cooling systems in nonconforming structures may be permitted in accordance with applicable code requirements, provided that:

1. Such improvements shall not result in an enlargement of the floor area or cubic area (volume) of the nonconforming structure; and
2. The cost of such improvements during any single calendar year period shall not exceed ten percent (10%) of the replacement cost of the structure at the time such work is proposed. This provision shall not prevent work required for compliance with provisions of the State Construction Code.

C. Buildings under Construction.

Nothing in this Article shall require a change in the plans, construction or designated use of any structure for which construction was lawfully begun prior to the effective date of adoption or amendment of this Ordinance, provided that such work shall be completed within 365 calendar days of the effective date.

D. Damaged or Unsafe Structures.

Reconstruction or restoration of a nonconforming structure damaged by any means to an extent that the expense of such reconstruction or restoration shall not exceed fifty percent (50%) of the structure's replacement cost at the time of such damage shall be permitted, subject to the following:

1. Application for a building permit for such reconstruction shall be made within 365 calendar days of the date of such damage, and all work shall be completed within the building permit approval period.
2. The lot and damaged structure shall be adequately secured from unauthorized access to the Zoning Administrator's satisfaction. The damaged structure shall be protected against further damage from the elements.
3. Where pending insurance claims require an extension of time, the Zoning Administrator may grant one (1) extension of up to 365 calendar days, provided that the property owner submits a certification from the insurance company attesting to the delay.
4. If a nonconforming structure becomes physically unsafe or unlawful due to a lack of repairs or unsecured exposure to the elements, or is declared to be unsafe or unlawful by reason of physical condition under the State Construction Code or applicable fire or property maintenance codes, it shall not thereafter be restored, repaired or rebuilt except in conformity with all Ordinance requirements.

Should any nonconforming structure or a portion thereof be damaged by any means to an extent of more than fifty percent (50%) of its replacement cost at the time of such damage, it shall not be reconstructed except in conformity the regulations of the zoning district in which it is located.

Section 7.08 Nonconforming Sites.

The purpose of this Section is to encourage improvements to existing sites in the Township that were developed before the site design standards of this Ordinance were established or amended. This Section establishes standards for prioritizing improvements to existing sites that are intended to gradually bring the site into compliance with current Ordinance standards. Nonconforming sites may be improved or modified without a complete upgrade of all site elements, subject to the following conditions:

1. A nonconforming site shall not be improved or modified in a manner that increases its nonconformity.
2. The proposed site improvements shall address public health, safety, and welfare by resolving public safety deficiencies and pedestrian/vehicle conflicts, and improving emergency access.

 5. A reasonable timeline for completion of site improvements to an existing nonconforming site may be approved as part of any plan approval. Failure to complete improvements in accordance with an approved timeline shall be deemed a violation of this Ordinance.
